Preface

The Thiruvananthapuram District Panchayat always tries to compose new hymns to Sustainable Developments. The prestigious initiatives undertaken by the District Panchayat have already become sublime models to the state as well as the nation. Many appreciative projects such as **Padheyam, Aswas, Gothrasarathy, Snehadhara, Sneha Sparsam, Disha** etc. have got applauded by the entire district and the state of Kerala as well. The District Panchayat has been selected as a Becon Panchayat by the Govt. of India and it has been endowed with many State and National Awards including **Swaraj Trophy** (4 consecutive years) and **Deen Dayal Upadhyay Panchayat Sashaktikaran Puraskar** (3 times) and many other awards. Solicit your blessings and support for the great and earnest endeavours of the District Panchayat for making a new Kerala Model.

Thanking you.

Lovingly

Thiruvananthapuram,
25-10-2022.

Functions of District Panchayat

(A) General Functions

1. Mobilisation of the technical expertise available from Government-non-Government institutions.
2. Provide technical assistance to Block Panchayats, Village Panchayats and Municipalities.
3. Prepare schemes after taking into account the schemes of the Village Panchayat and the Block Panchayat to avoid duplication and to provide forward-backward linkage.

(A) Sectorwise Functions

I. Agriculture

1. Running of agriculture farms other than regional farms and research centres.
2. Integrated water-shed management in water sheds covering more than one block panchayat area.
3. Provide for agricultural inputs.
4. Soil testing
5. Pest control
6. Marketing of agricultural products.
7. Cultivation of ornamental plants.
8. Promotion of agricultural co-operatives
9. Promotion of commercial crops.
10. Application of bio-technology.
11. Popularisation of innovative field trials and pilot projects.
12. Conduct of locally appropriate research and development.

II. Animal Husbandry and dairy Farming

1. Running of district level veterinary hospitals and laboratories.
2. Running of dairy extension units.
3. Promotion of Milk co-operative societies.
4. Running of farms other than regional farms, breeding farms and research centres.
5. Implementation of district level training.
6. Implementation of disease prevention programmes.
7. Propagating new methods of field trials and pilot projects.
8. Locally relevant research and development.

III. Minor Irrigation

1. Development of ground water resources.
2. Construction and maintenance of minor irrigation schemes covering more than one block panchayat.
3. Command area development.

IV. Fisheries

1. Arrangements for fish marketing
2. Management of fish farm development agency.
3. Management of district level pisci-culture centres net making units, fish markets, feed mills, ice plants and cold storages.
4. Management of fisheries schools.
5. Introduction of new technologies.
6. Provide implements required for fishermen.
7. Promotion of fishermen's co-operative societies.

V. Small Scale Industries.

1. Management of district industries centres.
2. Promotion of small scale industries.
3. Setting up of industrial estates.
4. Organising exhibitions for sale of products
5. Conduct of entrepreneur development programme.
6. Marketing of products.
7. Imparting training.
8. Create input service and common facility centres.
9. Implementation of industries development credit schemes.

VI. Housing

1. Implementation of housing complex and infrastructure development.
2. Mobilisation of housing finance.

VII. Water Supply

1. Implementation of water supply schemes covering more than one village panchayat.
2. Taking over of water supply schemes covering more than one village panchayat.

VIII. Electricity & Energy

1. Taking over of micro-hydel projects.
2. Determining priority areas for extension of electricity.

IX. Education

1. Management of Government high schools (including Lower and Upper Primary Schools attached to high schools).
2. Management of Government Higher Secondary schools.
3. Management of Government Technical Schools.

4. Management of Government Vocational Training Centres and Polytechnics.
5. Management of government Vocational Higher Secondary Schools.
6. Management of District Institute for Education and Training.
7. Co-ordination of centrally and state sponsored programmes related to education.

X. Public Works

1. Construction and maintenance of all district roads vested within the district panchayat other than major district roads.
2. Construction of building for institutions transferred.

XI. Public Health & Sanitations

1. Management of district hospitals with all systems of medicines.
2. Setting up of centres for the care of special categories of handicapped and mentally disabled people.
3. Co-ordination of centrally and state sponsored programmes at district level.

XII. Social Welfare

1. Provide grants to orphanages.
2. Establishment of welfare centres for the handicapped and destitutes.

XIII. Poverty Alleviation

1. Providing infrastructure facilities for self employment programme.

XIV. Development of Scheduled Caste-Scheduled Tribe

1. Management of post metric hostels.
2. Management of vocational training centres for the Scheduled Caste/Scheduled Tribes.

XV. Sports and Cultural affairs

1. Construction of stadia.

XVI. Co-operation

1. Organisation of co-operatives within the limits of district panchayat.
2. Strengthening of the co-operative institutions.

CARE HOME

For the Cured and
partially cured
mentally ill persons

As per Social Justice Department's Order No. 07/2009 dated 24/01/2009 Venjaramoodu Care Home is being functioning since 27 January 2010 under Thiruvananthapuram District Panchayat.

With respect to the order dated 01/12/2007 of the Honourble High Court and various discussions and deliberations in the Chairmanship of Justice Sri. K. Padmanabhan Nair, Minister for Local Self Governments, Minister for Social Justice etc, it was decided to constitute a pilot project at Thiruvananthapuram District for taking care of cured and partially cured mentally ill persons. As a first step towards establishing care homes across 14 Districts in Kerala, Venjaramoodu care Home was established.

As per Government Order No.07/09 of Social Justice Department, dated 24/01/2009, the Care Home has been

functioning under Thiruvananthapuram District Panchayat with a grant of Rupees 10,20,600/- per year, from Social Justice Department in this regard. For the Cured and partially cured mentally ill persons from Peroorkada Mental Health Care Hospital are accommodated at the Care Home. A monitoring committee consisting of Honourable District Judge, District Panchayat President, District Social Justice Officer and District Panchayat Secretary, Panchayat Member is maintaining the overall functions of the Care Home on a regular basis.

Various activities such as Horticulture Therapy, Game Therapy, Yoga, Skill Development Programs, Carpet Manufacturing Unit etc. are being organized at the care home for the physical as well as mental rehabilitation of inmates.

For socialization of the inmates, they are taken out for picnics and movies. Various cultural activities are also conducted at the care home, exclusively for the mental relaxation of the inmates. It was proudly presents that some inmates also participated in external competitions and two of the inmates named Ramesan, Bensilal had won Social Justice Departments prize for light music.

Venjaramoodu Care Home has 23 inmates at present and has the capacity to accommodate 50 inmates in total. Various steps are being taken to develop this care home as State Institute and Research Centre for Mentally ill and Partially Cures Patients Centre with support from Kerala State Government. The functioning of institutions like this is a primary example to indicate the social responsibilities and caring by the District Panchayat.

Saphalyam Care Home

Safalyam Agathi Mandiram is a rehabilitation center for the homeless, elderly and differently abled under the control of Thiruvananthapuram District Panchayat. 20 elderly differently-abled persons including 16 males and 4 females have been rehabilitated. There is accommodation facility for 36 disabled persons. There are eight staffs including Project Manager and Staff Nurse to take care of them. Thiruvananthapuram District Panchayat provides the basic facilities including land and building and also provides the cost of day-to-day needs. Every month, a medical team consisting of a doctor from Kollayil PHC visits the institution and conducts tests including blood tests and provides necessary medicines. Those requiring specialist treatment are referred to Parassala Taluk Hospital and from there to Thiruvananthapuram Medical College. There are three televisions including cable connection for entertainment. Also facilities for playing caroms and chess have been provided.

Aswas

**Financial Assistance to Dialysis
for Kidney Patients**

It is one of the innovative and prestigious projects launched by the Thiruvananthapuram District Panchayat. Through this project, the District Panchayat provide financial assistance to the patients who are undergoing Dialysis treatment and it also provide medicines directly to the liver and kidney transplanted patients.

Patheyam

The project, PATHEYAM is one of the prestigious project towards achieving a 'zero-hunger' Thiruvananthapuram district. The Project aims at providing free meal packets to all bedridden, aged and disabled people who struggle to meet their basic requirements of food. This project sets an example by providing humanitarian assistance to the needy and destitutes.

As of now in 2022-23, 6200 beneficiaries selected from various Grama Panchayats are being provided with daily meals.

It is a joint venture project of District Panchayat and Grama Panchayats in 60:40 ratio.

LIFE SUPPORTING AMBULANCES

The Thiruvananthapuram District Panchayat had been awarded the Best District Panchayat in the Kerala State for 4 times and also been chosen for the Best Panchayat in National Level for three times. The cash prize received for this achievement has been used for buying ambulances and handed over to the hospital which comes under the Panchayat for better treatment facilities for the people.

Under this project District Panchayat purchased two Type D Ambulances for shifting serious persons from District Hospitals to Medical college by using award money got from Deen Dayal Upadhyay Panchayat Sashaktikaran Puraskar (DDUPSP).

SNEHADHARA

Free Ayurvedic Treatment to
all the children below 12 years

The SNEHADHARA project implemented by the District Panchayat exclusively for assuring special care and attention to children those who are suffering from various physical and mental challenges especially the disabilities like cerebral palsy, autism etc. The project is being implemented through District Medical Officer, Ayurveda with the support of various other medical practitioners. As per this project, the treatment stream is a blend of Ayurveda and Modern medicine system with physiotherapy, speech therapy and behavioral therapy etc.

SNEHA SPARSAM

As per the People With Disability Census 2015, the differently abled constitute an appreciable proportion of 2.34% and 2.32% of the total population of Thiruvananthapuram District and the State of Kerala respectively.

It is the collective responsibility of Government and the Society to bring them to the forefront. Towards this Thiruvananthapuram District Panchayat has initiated and established a set of policies and programmes.

The Village Panchayats have conducted a survey regarding the mentally challenged children and all the 3298 beneficiaries were provided with the prescribed amount of Rupees 28,500/- for their education and empowerment. This being a successful model.

Thiruvananthapuram District Panchayat had a pivotal role in ensuring the success of this programme, contributing 25% of the total estimated amount to the Village Panchayats.

GRID CONNECTED SOLAR SYSTEM PROJECTS

With the good intention of using non conventional and renewable energy resources, the Thiruvananthapuram District Panchayat implemented Roof Top Energy Panels in District Panchayat Office and all the Schools and in the Farms under the District Panchayat. The District Panchayat aims to achieve self sufficiency in the field of energy by establishing solar stations.

Multi Purpose Indoor Stadium

With the objective of providing sports facilities to the people in rural areas, District Panchayat Thiruvananthapuram has constructed a Multi Purpose Indoor Stadium at Peringammala. It is used for Volleyball, Kabadi, Shuttle Badminton for round the clock. Around Rupees Ten Crores were spent for the construction of this stadium as a multi year project. It is a great boon to the sportsmen who aspire to surge into National as well as International Levels.

GOTEC

Global Opportunities through English Communication

(A programme envisaged to improve the Communicative English aspects, mainly spoken, among selected upper primary school students from ten schools under District Panchayat, Thiruvananthapuram)

Various projects and training programmes are being organized by different agencies to improve the Communicative English aspects among the school children. A significant change or growth is still not visible in this field. Most of our school students fail to use English language appropriately or effectively in a need based situation. Teachers also concentrate mainly on text book transaction while conducting English language classes. In an educationally advanced state like Kerala, this is providing to be a great deterrent factor in the Higher Education, research developments and proper career placements and advancements. It's high time that we have to address this issue in the right way. In the matter of learning a foreign language, like English, the most vital or optimal time that a student needs to be trained effectively with the right inputs is from 8 to 12 could carry on developing and disseminating his language skills as he progresses. Hence a pilot project needs to be implemented, tested and assessed and could be carried out to all other schools in the following year.

RAKSHA

Karate training to girl-students in the schools

We are witnessing unprecedented Personal assault and violence against girl children and women in the country. In the circumstances, the District Panchayat, Thiruvananthapuram designed and implemented 'Raksha' Project in 2017-18. The project is continuing this year also.

Objective of the programme is to instill self confidence and self defence in girl students to resist violence against them.

Thiruvananthapuram District Panchayat's Raksha Project got Guinness World Record for "most people performing a Kata" on 8th March 2018

DISHA

YOGA TRAINING FOR
BOYS IN SCHOOLS

Disha is a project aimed at providing Yoga training for 5000 boy students in the Government and Aided schools in Thiruvananthapuram District Panchayat Limit.

Own **ONLINE**

Own Online is the project implemented by the District Panchayat Thiruvananthapuram to provide 300 LED TV sets to the students study centres like libraries for attending online classes conducted by Education Department during COVID Pandemic Period.

SARGA VAYANA SAMPOORNA VAYANA Classroom Libraries In Schools

‘SARGA VAYANA SAMPOORNA VAYANA’ has been launched to help transform Thiruvananthapuram into a district in which **“all classrooms”** in all schools have their own libraries and to promote reading habit among students.

As part of the initiative, 10,601 classroom libraries have been put up in 968 schools, from primary to higher secondary level.

For one week from Kerala Piravi day in 2019, all schools in the district conducted a book collection drive. Small groups of students visited houses, including those of prominent people in the area, and collected books from them exclusively for this purpose.

MANASA

MANASA - Another prestigious project envisaged to ease psychological stress and instil self confidence of the adolescent girls students of the schools in the District by providing basic infrastructure facilities such as toilet facilities, resting room, dress-changing room etc. exclusively setup for the girl-students

As part of this programme 150 napkin vending – cum destroyer set machines were installed in 150 schools in the district so as to ensure personal hygiene, health, dignity etc. of the school going adolescent girls.

This facility has already been implemented in all the Govt. High Schools and Higher Secondary Schools under the District Panchayat, Thiruvananthapuram. To make this project accessible to the challenged and deprived students, teachers and other school staff are provided with adequate training and awareness.

GRANDHAPPURA

Librarians in Schools

The Grandhappura project of the Thiruvananthapuram District Panchayat envisages better working of libraries in Govt. schools of the districts by appointing librarians in the schools and providing them honorarium.

The project also aims at availing reference books at selected schools.

The qualified librarians are selected by the District Panchayat and appointed in the schools by the Deputy Director of Education.

Meritorious Scholarship

The Thiruvananthapuram District Panchayat also focuses on the upliftment of weaker sections in the society. The pathetic social and economic conditions of the SC/ST students compel them to leave higher education and seek any job for their existence. The District Panchayat decided to bring such talented students into the main stream of society by providing financial assistance of Rs. 15,000 to 50,000 to those who get admissions in UG/PG/ITI/Politechnic/Engineering/Medical and other professional courses for all academic years. This scholarship is provided to the students who get admissions in the foreign universities too.

Vidyajyothi

VIDYAJYOTHI is a project implemented by Thiruvananthapuram District Panchayat to achieve 100% success in SSLC, Higher Secondary examinations.

10,000 Support Material for Teaching and Learning including exam oriented model questions were prepared and distributed in schools, in proportion to the number of students who were backward in studies.

The project was initially aimed at helping the schools in Thiruvananthapuram District Panchayat limit in achieving 100% success in Secondary (SSLC) exams.

TALENT MEET (Prathibha Sangamam)

Talent Meet (Prathibha Sangamam) have been conducted by the District Panchayat for congratulating those students who studied in the District Panchayat schools and had secured 100% marks in the SSLC, Plus Two and VHSE Examinations. More than 5000 students were honoured by the Hon'ble Minister for General Education and Labours.

Career Guidance and Counselling Centre

This project aims to assist the students in the tribal areas for selecting the suitable courses for higher studies.

Vanajyothi

Students from isolated and educationally backward tribal settlements of Thiruvananthapuram District are facing difficulty in accessing educational facilities. In order to minimize dropouts and to improve the learning outcome of all the tribal students District Panchayat has formulated a project named “Vanajyothi”.

The Project aims at conducting night classes in 15 selected settlements of Tholikkode, Nanniyode, Peringamala, Amboori, Kallikkadu and Kuttichal Grama Panchayats.

The facilitators guide the students for solving class room exercises and extra practices, thereby helping every student to achieve the desired results.

They provide unit based tests and evaluation methodology as per the school. It also provides light refreshment for students as well as learning resources for the tribal children and honorarium to facilitators.

VILAKKUMADAM (Training Centre)

It is one of the innovative projects initiated by the Thiruvananthapuram District Panchayat. It is a comprehensive project for transferring social study rooms into absolute and comprehensive knowledge centres. This project benefits to the tribal students who are backward in creativity and language learning. It also envisages the personality development of the tribal students.

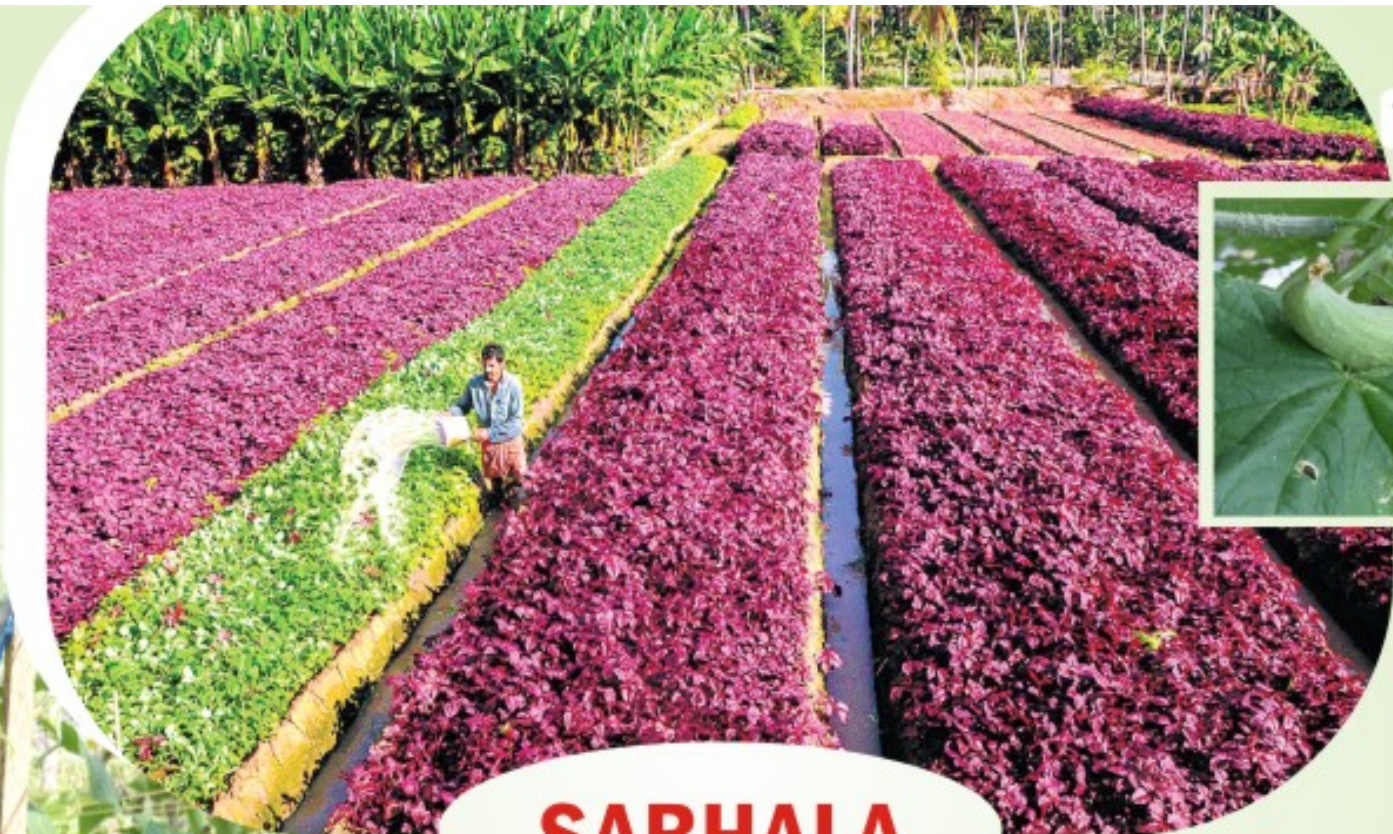

KALAM

(Kindergarten)

Pre-primary Education in tribal colonies is very weak and it faces many challenges. This project intends to provide nutritious food, qualitative education to the children between the age of 3 to 6. This project also focusses to set up pre-primary classes in the selected social study rooms functioning in the District.

SABHALA

It is a comprehensive programme in agriculture and fisheries sectors executed to overcome the crisis created by the COVID 19 pandemic lockdown. Under this project multi crops cultivation in fallow land and fish

cultivation in Inland Water were executed by the District Panchayat by spending around Rupees 2,12,00,000/-. This programme is being linked with the Subhiksha Keralam programme of the Govt. of Kerala.

Say **NO** to
white poison

THIRUVANANTHAPURAM
DISTRICT PANCHAYAT

GREEN MILK

A White Revolution

GREEN MILK PROJECT

Use of adulterated Milk Products and resultant serious health problems is one the major threats faced by the society now a days.

Green Milk project is Envisaged to provide chemical free –pure milk and self reliance in the field of Diary Farming.

1200 litres of milk in 2400 packets are produced for daily distribution.

This Project is implemented through Jersey Farms owned by the District Panchayat at Chettachal and Vithura .

Jala Sree

Rain Water Harvesting / Conservation

Jalasree project is a comprehensive water conservation project and it breaks the strangle hold of fresh water scarcity in Thiruvananthapuram District.

It aims at implementing effective and holistic rain water harvesting/conservation programme across the district.

The comprehensive objective of Jalasree includes potable water supply, sanitation, agriculture and industry development, maintaining ecological balance by ensuring efficient water utility systems to meet the needs of all the sectors.

The integrated efforts of three tier Panchayati raj system have made this project the fulcrum of water management. The 'Jalasree' and 'Mazhathavalam' projects are formulated by District Panchayat and have developed around one lakh rain water harvesting pits across the district and more over 1204 Farm ponds, 907 Check Dams are constructed and 1036 wells were recharged under the project.

Vazhiyambalam

The project VAZHIYAMBALAM is an initiative of the Thiruvananthapuram District Panchayat aiming at promoting the Domestic Tourism opportunities by installing Recreation centre-cum-rest rooms along the roadside, made available to the public and the road travellers as well.

SANTHIKUDEERAM

Modernized Public Crematorium

In order to perform the obligatory responsibilities of Local Self Govt. Institutions, the Thiruvananthapuram District Panchayat completed the construction of well equipped and modernized public crematoriums at Palode and Kallara.

The prime intention to the said project was assuring enough assistance to rural people especially the landless community at the time of funeral and cremation occasions.

NEW LIFE

Comprehensive Development of Laksham Veedu Colonies

Thiruvananthapuram District Panchayat has launched the New Life project with the objective of comprehensive development of the 'Laksham Veedu' colonies in the district.

The project aims to convert existing single houses into double houses, attached bathroom system, public waste treatment plants and electrification of all households.

The scheme is being implemented in convergence with Mahatma Gandhi NREGS and Suchitwa Mission.

The New Life project is being implemented as a joint venture project with the District-Block-Grama Panchayats plan outlay in the ratio of 40:20:40.

Stray Dog Vaccination

Intensive efforts have been taken by the Thiruvananthapuram District Panchayat for the vaccination of stray dogs in the district. This programme is being implimented with the collaboration of State Animal Husbandry Department and the Local Self Government Institutions. The District Panchayat has provided all the paraphernalia to the dog catchers including vehicle facilities.

Vellayani Lake Protection

One of the highlighted projects initiated by The Thiruvananthapuram District Panchayat is the Protection and beautification of Vellayani Lake. With the support of Nemom, Athiyanoor Block Panchayats and Kalliyor & Venganoor Grama Panchayats. The main agenda of this is to remove the salvinia molesta in lake and make the movement of water easy one and improve the fresh water content.

Wheel Chair Donation

It is the dream of all people with locomotive problems to come out from their house and to see the beauty of nature around them and to engage with their fellow men. The Thiruvananthapuram District Panchayat decided to extent its helping hands to such people by providing wheel chairs. This project has paved way for their dreams to come true.

Scheduled Tribe Support
